 **Business focus**

Grow repeat business with post-job surveys and tiered service bundles (Standard / Seasonal / Premium), using channel and region patterns in the marketing database.

Database snapshot

Flat marketing table — one row per campaign/service observation. Loyalty is inferred from Customer Type.

Column	Role	Values / notes
Date	Time	2024-01-01 → 2024-04-30
Revenue	Outcome (\$)	Avg ~\$779 per record
Ad Spend	Cost (\$)	Total \$514,908
Conversions	Volume	10,069 total
Service Type	Offer tier	Standard 668 · Seasonal 651 · Premium 681
Customer Type	Loyalty proxy	New 1,012 · Returning 988
Channel	Acquisition	Google · Instagram · Referral · Email
Region	Geo	North · South · East · West

Customer & service mix

Nearly even customer split and balanced service tiers — a strong base for loyalty programs and bundle packaging.

Loyalty signal over time

Returning share rose from 48.4% in January to 51.8% in April while ROAS stayed near 3x.

Service tiers vs loyalty

Premium returning jobs earn the highest average among Premium customers; Standard leads on ticket size but trails on return rate.

Service	Records	Revenue	Avg revenue	Returning %	ROAS
Premium	681	\$523,610	\$769	50.1%	3.01x
Seasonal	651	\$500,642	\$769	49.6%	3.05x
Standard	668	\$533,271	\$798	48.5%	3.01x

Premium × Returning

Upsell

\$796

Avg revenue (returning)

vs \$742 for Premium × New — strongest loyalty lift inside a tier. Bundle maintenance visits onto Premium jobs.

Standard retention gap

Risk

48.5%

Returning share

Highest average ticket (\$798) but lowest return rate. Survey after Standard jobs to find friction before churn.

Channels that feed loyalty

Google leads revenue and ROAS; Email leads retention; Referral offers the lowest CPA.

Source: Data.xlsx · channel totals · Returning % plotted for comparison (not dollars)

Channel	Revenue	CPA	ROAS	Returning %	Loyalty note
Email	\$355K	\$52.79	3.00x	51.0%	Best return rate — survey & rebook here
Referral	\$383K	\$49.26	3.02x	49.9%	Lowest CPA — reward referrers with bundles
Google	\$449K	\$51.56	3.14x	48.2%	Top revenue & ROAS — convert new → return
Instagram	\$370K	\$51.12	2.92x	48.8%	Weaker ROAS — use for seasonal promos

High-loyalty channel × service pairs

Best places to pilot bundles and follow-up surveys.

Pair	Records	Returning %	Avg revenue	Action
Referral × Premium	180	55.6%	\$738	Annual Premium care bundle + referral credit
Email × Seasonal	152	54.6%	\$772	Seasonal reminder survey + pre-book discount
Instagram × Seasonal	155	51.0%	\$710	Post-job CSAT → offer Standard upgrade
Google × Seasonal	185	48.1%	\$832	Highest avg ticket — attach multi-visit plan

Regions

West leads on loyalty; East has the lowest returning share but solid ROAS (3.05x) — prioritize East surveys and win-back offers. South posts the highest average revenue (\$808).

Recommended program

Post-service surveys	Service bundles
When Within 24 hours of job completion, especially Standard and East-region jobs. What to ask Satisfaction (1–5), likelihood to rebook, interest in a maintenance bundle, and preferred channel (email already retains best). Close the loop Scores ≤3 trigger a callback; scores ≥4 get a one-click Seasonal or Premium bundle offer.	Care Plus (Standard → Seasonal) Two seasonal checkups after a Standard repair — targets the retention gap on the highest-ticket tier. Premium Shield Annual Premium plan sold to Referral and returning Premium customers (already 55.6% return on Referral × Premium). Seasonal Autopilot Email reminder + pre-booked Seasonal visit — leans on Email’s 51% returning rate.
